Envision Design/Build Quality You Can Trust from Start to Finish

Custom Homes and Remodels. Innovative Design. Quality Construction. Superior Results.

BY ANNETTE BROOKS

PHOTOGRAPHY BY KELLEY SWEET PHOTOGRAPHY

Whether you want to remodel your entire home, create more room with an addition, or give your aging kitchen or master bathroom a stunning makeover, the success of your project and your overall experience depends on the contractor you choose. That's why people who have done their homework select locally owned and operated Envision Design/Build.

PREMIER, FULL-SERVICE DESIGN/BUILD
REMODELING COMPANY

Offering a complete range of building and design services, Envision Design/Build takes pride in delivering innovative designs and quality craftsmanship with a commitment to customer satisfaction. Owner Jack Knowlton has based his business on honesty, integrity, and doing the job right, and it shows.

"We've been in business over 35 years and have built a solid reputation based on trust," says Jack. "We rarely advertise and most of our new clients come from referrals. We're here to stay!"

HOMEOWNER CALLS ENVISION DESIGN/BUILD A
"VERY WISE DECISION"

Arish purchased a home built in the 1990s and wanted to remodel it before moving in.

"Envision Design/Build was one of three bidders—all well-known companies in the area," Arish says. "Talking with Jack, I felt he best understood what I was trying to achieve and he gave me the most

flexibility versus taking a cookie cutter approach. Plus, with his background, reputation, credentials, and longevity in the industry, I knew I could trust him to do a good job.”

Arish especially appreciated the collaborative spirit Jack and his team brought to the table. “Jack is affable, creative, and engaging, but not overbearing. I enjoyed brainstorming with him. We worked together on several things, including a plan for the staircase. It looks fantastic. In fact, my entire place looks great. I recommend Envision Design/Build and would use them again.”

PROFESSIONAL, TALENTED TEAM.
“ONE STOP SHOP.”

When you choose Envision Design/Build, you’re covered from A to Z! From 3D design and management software with a downloadable app to advanced construction management and professional interior design services, they offer everything you need.

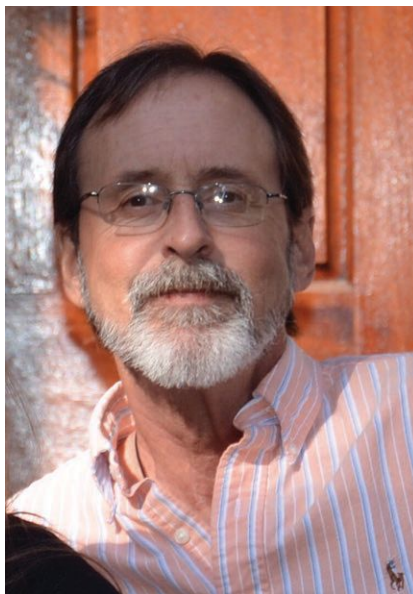

The staff includes Garrett Shaw, who holds a BS in construction management from the University of Houston. Garrett runs day-to-day jobsite activities and oversees project management.

“Garrett is detail-oriented, communicative, and personally committed to each project. He ensures the process goes smoothly from start to finish,” says Jack.

Holly Housh, MBA, TRID (Texas Registered Interior Designer), works closely with clients to bring their visions to life.

“Holly stays up-to-date on the latest design trends and has a knack for interior design that reflects her customer’s taste and fits their lifestyle,” Jack adds.

Now is the perfect time to remodel your home. Call Envision Design/Build today to schedule a consultation.

MEET JACK KNOWLTON, AIDB, GMB, CAPS, GHBA REMODELERS COUNCIL BOARD MEMBER

All those letters behind Jack Knowlton’s name signify his passion for architecture, construction and design, and his commitment to excellence. He started out working at an architectural firm, then created his own architectural company with partners in the mid-80s. After building his own home in the 90s, he loved the construction side so much he evolved his business and became a full-service design/build company. About 10 years ago, he added remodeling services.

Jack, who is known for his down-to-earth personality, grew up in Memorial and has lived in the area more than 50 years. During his leisure time, you can find Jack riding his Harley Davidson or relaxing with his wife on the weekends in their historical home they recently purchased in Galveston.
